ERCO

Compact – Efficient and economical

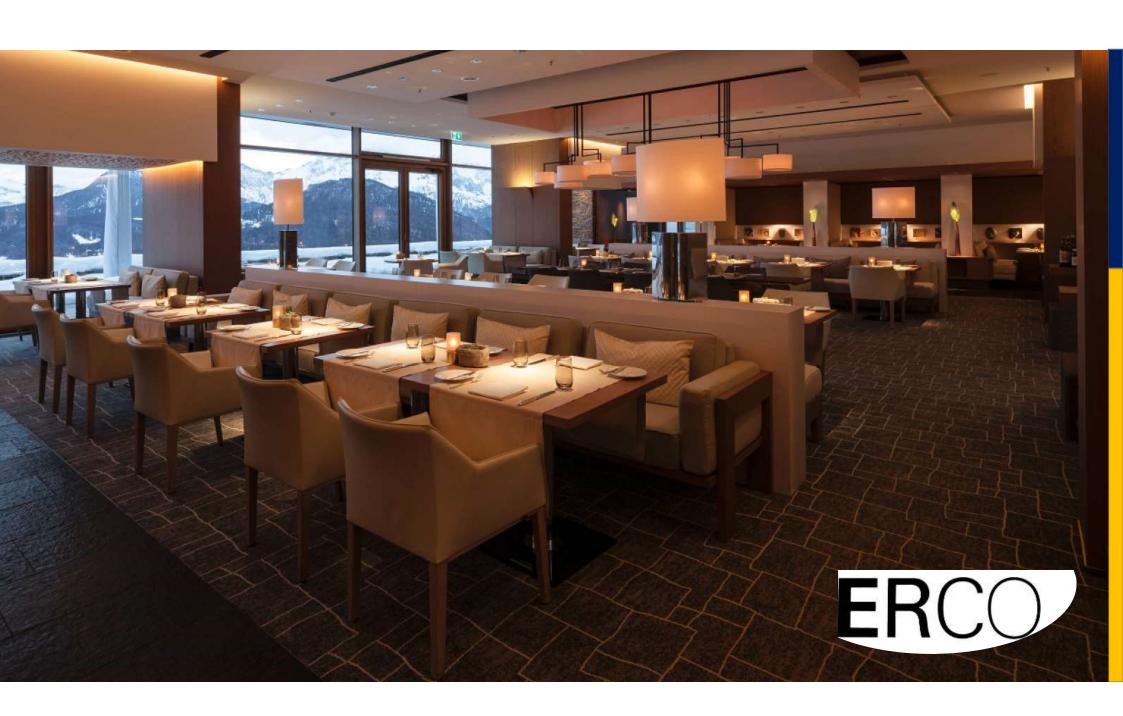

• ERCO

Light Factory in Lüdenscheid is a leading international specialist in architectural lighting using LED technology.

The family business, founded in 1934, now operates with over 60 subsidiaries, branches and agencies all around the world. Working closely with architects, lighting designers and engineers, **ERCO** develops lighting tools for customized lighting solutions in architectural projects for culture and retail, work and hospitality, life and public buildings.

ERCO understands light as the fourth dimension of architecture – providing individual lighting solutions to support creative designers in turning their visions into reality.

Made in Germany

• NEKO

WORKSPACE®

Antibacterial Worktop Surfaces

On the hygienically sealed and closed surfaces of our Eurodekor melamine faced boards, laminates and compact laminates, bacteria and germs are reduced by 99.9% within 24 hours. This characteristic also prevents their breeding. The below products are particularly suitable for areas subject to specific hygiene requirements.

Design paired with safety

•Without the addition of antibacterial additives our products are tested according to the internationally recognized test method (ISO 22196 = JIS Z 2801) for the evaluation of antibacterial activity. In addition, our products are certified by the independent, external Hohenstein Institute.

SPF

• SPF

Specialized Furniture is a private family company specializing in the design and manufacture of high-end consoles and technical furniture for command-and-control centres.

www.spfconsoles.com

Made in Spain
